

## INFORMATION

We, HAKKO Corporation would like to inform you that we supply Hakko 485 soldering system without solder for using lead-free users.

Although a little lead-free solder (Sn 97%, Ag 3%) still remains in the solder bath due to inspection before shipment. It will not effect the use or efficiency of this product.

Your understanding would be very greatly appreciated.

## Note to the user

No.485-1-V12 contains only the Hakko 485 itself and its accessories. It does not include the air unit (No.486) and its accessories; 42 pin air hood (No.485-31), 28 pin air hood (No.485-30), 18/20 pin air hood (No.485-29), and 14/16 pin air hood (No.485-28), and air hood hose & holder (No.485-24) shown on pp.1 & 2 of this manual.
